

MODERN CABINETRY

2025 Specification Guide - Frameless Cabinetry

Mission Statement

US Modern Cabinetry is dedicated to supplying innovative, high quality, contemporary cabinetry at the best possible price.

Our frameless, European-style cabinets have a modern look that is loved by many but is often costly with long production times.

Utilizing recent advancements in technology, we have created a state-of-the-art, manufacturing facility in California which allows us to custom produce your order within only a few days. We can finally make these beautiful cabinets more affordable and get them to you faster than ever before.

Our quality cabinets have 3/4" plywood construction and self-closing doors and drawers as standard features. We offer a variety of colors to choose from with a long list of accessories which our certified technicians will pre-install for you.

Our Cabinets are environmentally friendly and have the rigorous CARB Phase II certificate of compliance, so you don't have to worry about environmentally unsafe glues or finishes.

Thanks to our special machinery and equipment, we are able to offer incredibly fast production times.

Our lead time is usually less than 7 days for assembled cabinets, with all the doors and accessories already pre-hung and installed, ready to be shipped anywhere in North America.

It is always our goal to supply the highest quality at the best price for the most people.

At US Modern Cabinetry you get amazing cabinets at an unbelievable price, and our new production facility allows us to get them to you fast.
